Thank the Lord for each Church; as well as each individual that supports this Ministry, both prayerfully & financially!
 This report has literally taken me by surprise! I have been so caught up in working that I just realized during the past week that report time is...**now!** Being so busy is good in that respect, but bad in another; in that, I am late again this month in delivering my report. My apologies once again; I do beg your indulgence & forgiveness in that respect. The Level 6 Exam class is going well; although I have changed from the very large class to individual study with Khruu Nate (pictured below). There are certain problems in the large class that began to hinder my concentration & after much prayer I talked to Khruu Nate & decided this is the best decision for me. In addition to the same amount of study time, I have also added additional classes during the week. As I have mentioned in previous reports; I am trying to feverishly finish this language prep here in Chiang Mai so that I can return to the Isaan Region as soon as possible. I would ask for your prayers in this respect that; Lord willing, I would not have to deal with, or face, any more interruptions with respect to this pursuit that I have continually; prayerfully, sought the Lord's Will in. I would very much like to be able to stay here in Thailand for 4-5 years this term; again, Lord willing. As some of you know; my first term was riddled with health interruptions & other issues that finally led to an earlier than planned first furlough. Please pray for me in this regard.

 On August 25th I went for follow up appointments with my 2 Drs @ Chiang Mai Ram Hospital. I got good reports from each Dr; thank the Lord! My BP was perfect according to my 1st Dr; she took it @ her desk the old fashioned way! I do; however, need to lose weight. I am trying my best to get into & stay in shape!
 August 27th was also my first day with a new English student that Khruu Nate was instrumental in assisting me to acquire. The classes are going very well & he is a very good student. I will be sending some photos of the class soon. Khruu Nate has been very kind to me; she & her husband, Khun Aachuui, have allowed me to use the class room in her house to teach. I teach on Saturday afternoons from 12:30-2:30. It has added to an already grueling schedule; but the Lord is good through it all. This is extremely important for me to be able to remain in country & to fulfil the Heart to Heart Foundation requirements for my Thai Visa. Necessity is upon me again to re-new my Work Permit; which expires in December. I'm not sure yet of that fee yet, but will post it in my expenses. Lord bless each of you & thank you!
Please! Continue to pray that the Lord will give me; us, Thailand for Christ!

Khruu Nate is my Thai & Level 6 Exam Tutor. As we study Thai she often asks for my help in translation into English to be able to further explain to other students as well.

Thank You!
